

№	Contract №	Client	Scope of Work	Project / Place	Period
1.	CMCΠ01/0581/22	“Gazprom transgas Tomsk”, LLC	Construction supervision by instrument-diving inspection of underwater crossing parts through r.Amga, r.Tuolba and r.Maliy Urkan during construction of main gaspipeline Sila Sibiri.	Main Pipeline “Sila Sibiri” “Kovykta – Chayanda”, Irkutsk region.	18.11.2022 – till present
2.	1810/913/2022	“Gazprom transgas Saratov”, LLC	Construction supervision of underwater crossing through r.Kazachka, underwater crossing through r. Karamysh.	South-European gaspipeline, Pochinky-Anapa part.	21.11.2022 – till present
3.	13/ЭСГ-ПТР/2	“Gazprom transgas St.-Petersburg”, LLC	Construction supervision of underwater crossing through r. Syas, underwater crossing through r. Volkhov.	Leningrad region, booster station Volkhovskaya.	06.2022 – till present
4.	ГДШ-3975.08.22	“Gazprom dobycha shelf Yuzhno-Sakhalinsk”, LLC	Supervision under construction of subsea production unit, included into construction project “Arrangement of Kirinskoe GCF”.	Arrangement of “Kirinskoye” GCF, Russia, Sakhalin, GCF “Kirinskoye”	08.2022 – till present
5.	01/0952/20	“Gazprom transgas Tomsk”, LLC	Construction supervision (technical supervision) during construction of underwater crossings on “Sila Sibiri. Kovykta – Chayanda, underwater cross through Lena River (main and subsidiary line) by microtunneling method.	Main Pipeline “Sila Sibiri” “Kovykta – Chayanda” site of 320 km, Irkutsk region, Kirensky district near s.Makarovo	01.2021 – 30.08.2022
6.	01/0789/20	“Gazprom transgas Tomsk”, LLC	Construction supervision (technical supervision) during construction of underwater crossings on “Sila Sibiri. Kovykta – Chayanda, underwater cross through : r.Handa, r.Ichera, r.Pilyuda, r.Peleduy, r.Karam, r.Njuya	Main Pipeline “Sila Sibiri” “Kovykta – Chayanda”, Irkutsk region, : r.Handa, r.Ichera, r.Pilyuda, the Republic of Sakha-Yakutia: r.Peleduy, r.Karam, r.Njuya	12.2020 – 31.12.2022

Work experience of “TechnoResource International”, LLC (Construction supervision)

7.	ГДШ-3310.07.20	“Gazprom dobycha shelf Yuzhno-Sakhalinsk”, LLC	Supervision under construction of subsea production unit	Arrangement of “Kirinskoye” GCF, Russia, Sakhalin, GCF “Kirinskoye”	07.2020-12.2021
8.	20/0626Б	“Onego Shipping LTD”, LLC	Incoming control of materials. Construction supervision, the Kara Sea, Baydara Bay, gas field “Bovanenkovo-Uhta”	Quality control under construction on Baydaratskaya Bay	06.2020 – 10.2020
9.	001/ИСМ/3-2019 002/ИСМ/3	“MTRS”, JSC	Technical supervision, QC, preparation of as-built documentation	LNG and gas condensate terminal “Utrenniy”, Gdansky peninsula	02.2019 – 10.2020
10.	1072/3/OKK/2019	“MTRS”, JSC	Construction supervision, preparation of as-built documentation	Site 6. CCMMC, Complex for manufacturing of gravity-base structures and integration of topside modules. Murmansk, Russia	06.2019-11.2020
11.	TRI-21/06/2019-F TRI-04/07/2019	“MRTS Marine Projects”, LLC	Technical supervision of pipelay in the coast area and above water tie ins in the Baltic sea / Nord Stream- 2 Project. Incoming inspection of pipes before load out on pipeay barge. Incoming inspection of pipes on pipe lay barge before pipelay and tie ins.	“Nord Stream -2”	06.2019 – 08.2020
12.	AA01/1400/18	Gasprom transgas Tomsk”, LLC	Supervision on quality and work scope during construction of line pipeline Sakhalin Khabarovsk-Vladivostok».	Main pipeline Sakhalin-Khabarovsk-Vladivostok. Construction supervision on underwater crossings through the rivers Anyi, Pir, Gurlakes Chassy, Sindinskoe	05.2019 – 12.2021

Work experience of “TechnoResource International”, LLC (Construction supervision)

13.	2018-0705-01-P	“Gasprom gasnadzor”, LLC	Construction supervision of underwater crossing Vuoksa river, gaspipeline to Priozersk, Leningrad region.	Construction supervision of underwater crossing through Vuoksa river	08.2018 – 04.2019
14.	2018-0404-01-P	“Gasprom gasnadzor”, LLC	Construction (hydrographic survey) of QA/QC during project: Construction of Marine Load out terminal facilities, booster station “Portovaya”.	Construction (hydrographic) survey	06.2018 – по настоящее время
15.	LEG-CON-CON-154766	South Stream Transport BV	Hydrographic survey om Marine Part of Gaspipeline “South Stream” (Russian Sector).	Construction (hydrographic) survey	06.2018 – 11.2018
16.	1026318	“Gasprom добыча Noyabrsk”, LLC	Construction supervision of underwater crossing in Chayandinskoe OGC field.	Underwater crossing Chayandinskoe oil and gas condensate field	02.2018-03.2019
17.	2017-0744-01-P	“Gasprom gasnadzor”, LLC	Construction supervision for underwater crossing through Bolshoy Yamsovey river.	Oil condensate pipeline “Urengoy Pur –Pe” (main and standby line)	2017-2018
18.	2414-17-194	“Gasprom transgas Yugorsk”, LLC	Construction supervision (technical supervision) during full repair of underwater crossings for “Gasprom transgas Yugorsk”, LLC in 2018	Underwater crossings for the purposes of Gazprom transgas Tomsk	12.2017-12.2018
19.	TRI-18.07/2016	“Gasprom PHG”, LLC	Construction supervision, QA/QC	Reconstruction of active and construction of new facilities of water-brine complex, water intake facilities, release of brine in the Baltic Kaliningrad Underground Gas Storage Facilities till project active V	2016- 2018

Work experience of “TechnoResource International”, LLC (Construction supervision)

				800 mln cube m / Kaliningrad region	
20.	TRI-19.07/2016	“Gasprom PHG”, LLC	Construction supervision	LNG Storage Facilities Kaliningrad region	2016- 2018
21.	TRI-10.05/2016	“MorGasService”, LLC	Construction supervision. (Technical Supervision).	Main gas pipeline “Krasnodar region – Crimea- Krasnodar region”	2016
22.	TRI-23-12/2015	“MTRS”, JSC	Construction supervision. (Technical Supervision).	Arctic all year round load out oil terminal, Novy Port Field, the cape of Kamenny.	2015-2016
23.	2012/334-ГНП-Р-СТГМ-27	“Stroytransgas -M”, LLC	Supervision under manufacturing.	Manufacturing of Arctic load out terminal. Ship yards GPC in Abu-Dhabi, United Arab Emirates	2015
24.	112/ДО-14 2015	“MTRS”, JSC	Construction supervision. (Technical Supervision).	Construction of seaport facilities, settlement Sabetta, peninsula Yamal, including construction of entrance canal in the Gulf of Ob. Pile foundations manufacturing in ever frozen subsoil	2014-2018
